SUMMARY

Pre-final year B.Tech IT student with hands-on experience in Python-based applications, OCR systems, and web development. Developed projects involving document data extraction, AI-based finance assistance, and web applications using Flask and Flutter frameworks.

EDUCATION

B.Tech in Information Technology Sri Manakula Vinayagar Engineering College Current CGPA: 8.76	Puducherry 2023-2027
State Board, Class XII– Computer Science Vallalar Government Girls Higher Secondary School Percentage: 90%	Puducherry 2021-2023
State Board, Class X Pandit Duraisamy Government High School	Puducherry 2016-2020

EXPERIENCE

Intern – Front-End Support | Hattussa IT Solutions

Nov 2024 – Dec 2024

- Assisted in structuring the front end of a web application
- Gained exposure in terms of coordination in real-world projects and structuring of the user interface

TECHNICAL SKILLS

Programming Languages: Java, Python

Database: SQL

Web Technologies: HTML, CSS, Flask

Tools/Technologies: Agile Methodology, Flutter, VS Code

Core Concepts: OOPs, DBMS, Basic Machine Learning Concepts

PROJECTS

Image Data Extraction System – Python | PaddleOCR | EasyOCR | OpenCV | Pandas | Flask

- Led a small team in designing and developing a system to extract structured data from document images such as forms and marksheets
- Implemented regex-based parsing to clean and organize the extracted data
- Handled noisy images using various preprocessing techniques with OpenCV
- Exported the data to Excel using Pandas

AI Finance Assistant – Hackathon Project – Flutter

- Developed during Innovator Day 24 Hour Hackathon at Sri Manakula Vinayagar Engineering College.
- Designed a personalized AI finance assistant web app to track spending and provide financial insights.
- Completed prototype and core UI; ongoing development of backend integration and ML model

Flutter Mini Game Web App – Flutter

- Created a simple interactive mini game app with interactive gameplay and engaging UI for web deployment

CERTIFICATIONS

- Front-End Development (HTML & CSS) – Infosys
- NPTEL – Python for Data Science
- Infosys Java Certification

ACHIEVEMENTS & EXTRACURRICULARS

- Participated in Innovator Day 24 Hour Hackathon (2024) – Built an AI Finance Assistant prototype
- Selected for participation in the 55th ISTE International Annual Faculty convention (2025)
- Qualified for the Evaluation Round at the Google Developers Group (GDG) Hackathon after online assessment and project presentation (2025)
- Kabaddi Player - Zonal Level Champion (2018, 2019, 2020)
